Evidence Based Decision Making
- Decisions based on knowledge of the students, their prior learning and performance data:
  o Know where each student is at (Fleming)
  o Data on student progress is collected regularly so student learning is intentionally guided.
  o Students placed in ability groups for instruction
- Use of data to improve student performance informed by feedback practices between all stakeholders
- Quality planning using 1 School 1 Plan
- Collect evidence of student achievement against the standards and benchmarks content (ACARA)
- Decisions validated by staff reflecting on research
- Students do not progress until firm in components of basic skills
